So... where

medical
attention!

I have X-ray vision,
I know you didn't
shoot yourself.

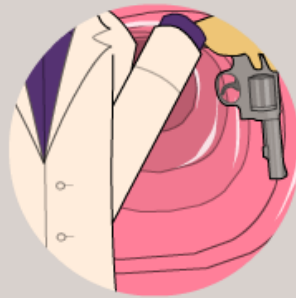

So stupid!

Dammit.

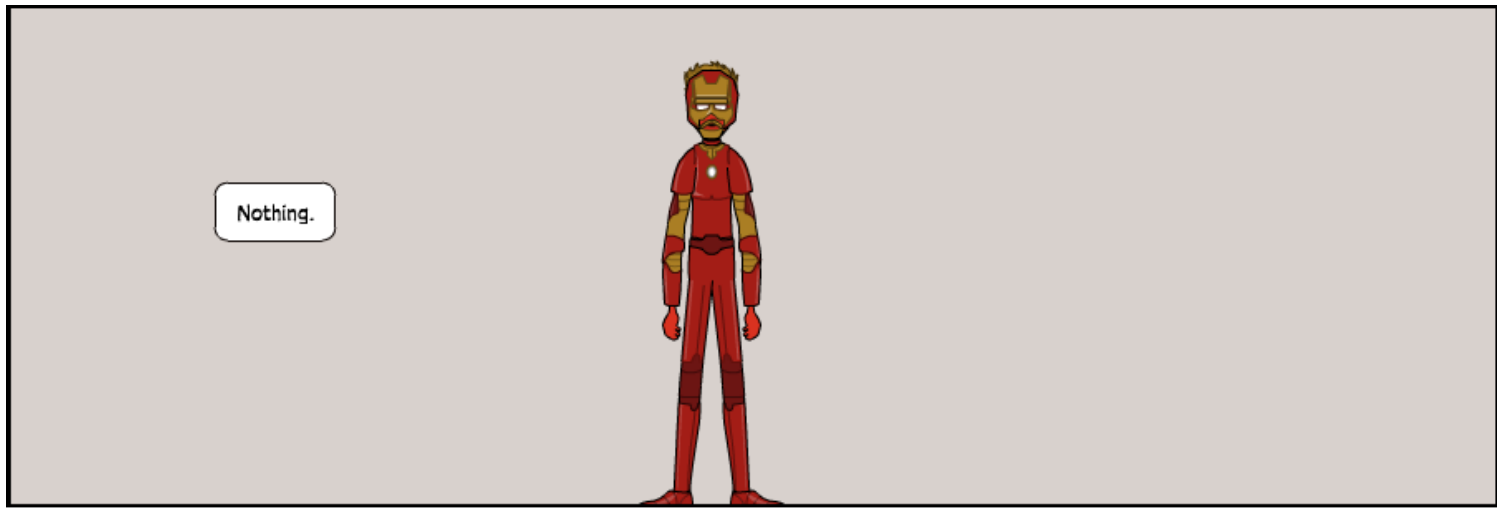

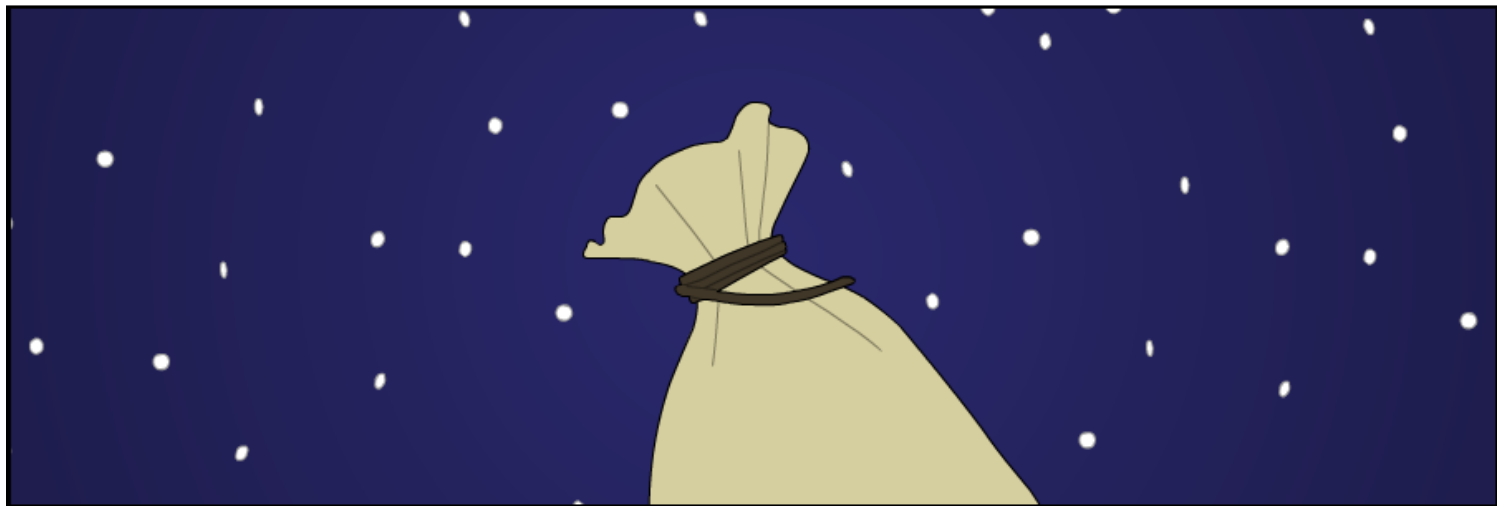

Foam? Is this a joke?

Its not a joke, but this is supposed to be a "family friendly pg clean" comic. Now that I think about it this comic feels like it was very improvised and the main thing I didnt do yet is look at the other side. So... what is at the other side?

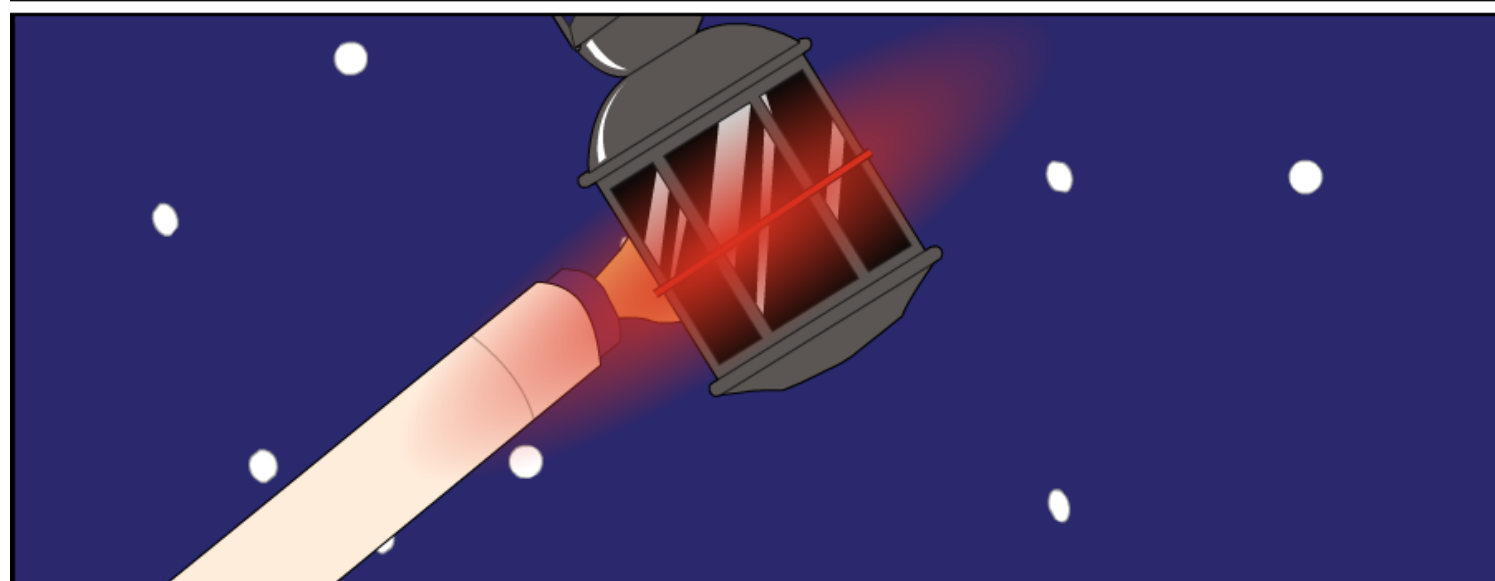

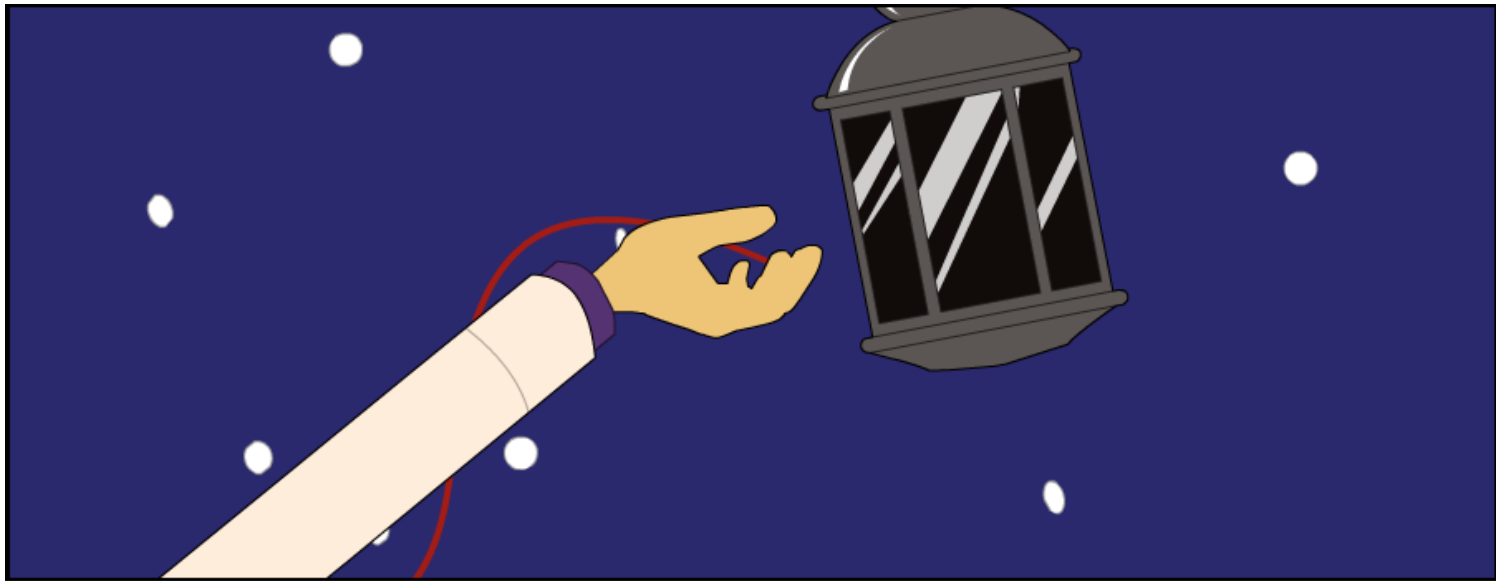

The Quest For Infinity Stones 1

This: is my best depiction of Malekith, the leader of the Dark Elves. He used the Reality Stone to create the weapon called the Aether.

Every 5000 years, The Convergence caused the 9 Realms to be aligned. Malekith wanted to take advantage of this and put the 9 Realms into eternal darkness. BTW, Earth is 1 of the 9 Realms.

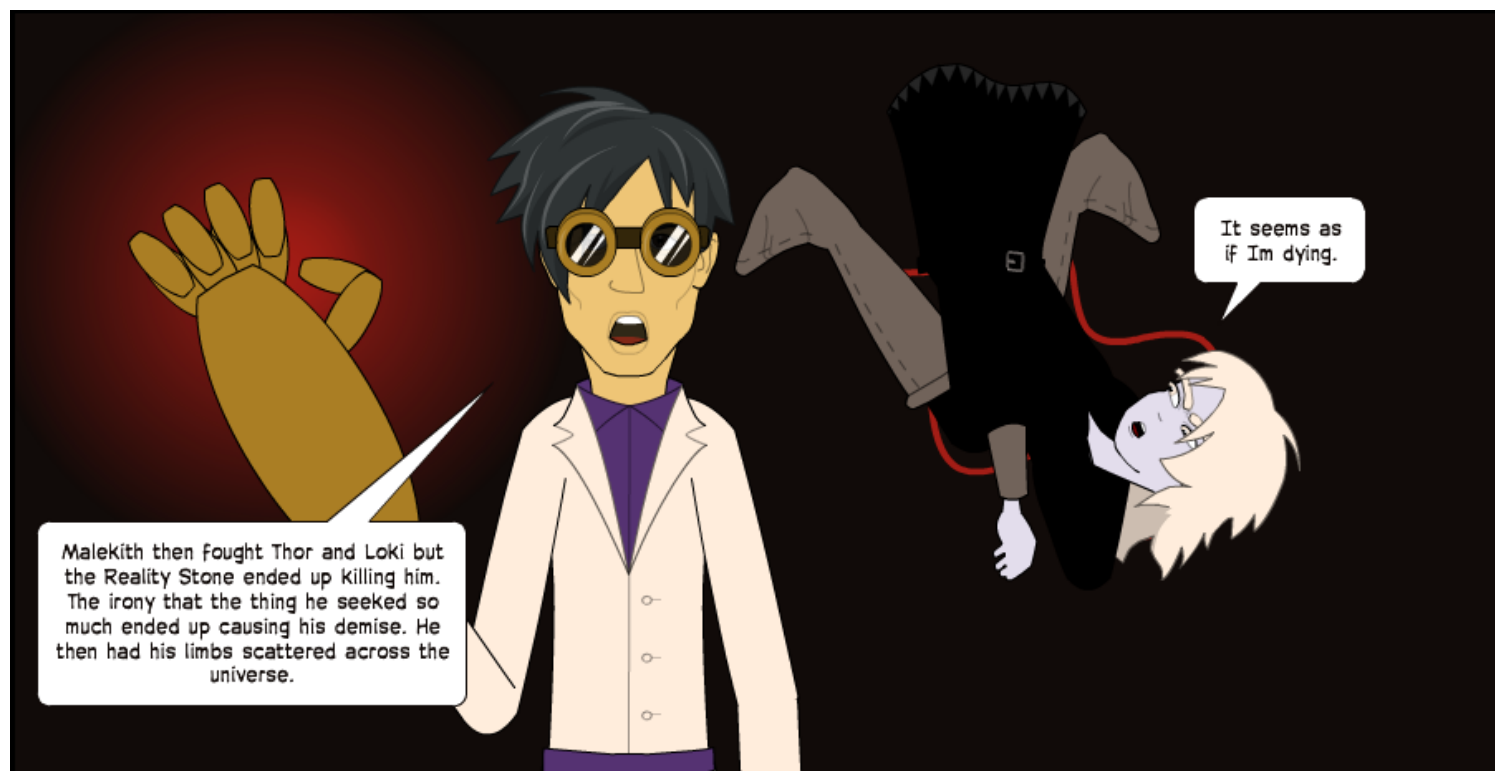

I am so evil!
